H.3 Mapping

All Hancock Prospecting Pty Ltd (HPPL) Environmental Impact Statement (EIS) and Technical Appendices Figures will have used any combination/or all of the datasets listed below to compile the

maps/figures and extract data for the Project. As such the obligations, permissions, copyrights and disclaimers for any and/or all of the datasets listed in the table below apply to all the Figures compiled by URS and GHD on behalf of HPPL.

Metadata for all licensed datasets can be obtained from GHD and URS Australia Pty Ltd (URS) or the respective websites for the Federal (<http://www.environment.gov.au/metadateexplorer/explorer.jsp> , https://www.ga.gov.au/products/servlet/controller?event=DEFINE_PRODUCTS, <http://www.osdm.gov.au/>) and Queensland government (<http://dds.information.qld.gov.au/dds/>)

Consultants or Sub-consultants engaged by HPPL, URS or GHD have sourced and listed their datasets and material for their EIS components in the table below. The Consultants or Sub-consultants data may have been used to compile Figures in the Alpha Coal EIS, therefore their sourced datasets, obligations, permissions, copyrights and disclaimers for any and/or all of their data will be applicable and can be sourced/referenced in their Technical Report.

Not all Figures/Diagrams/Plates that have been used in the EIS and Appendices have been compiled by URS or GHD on behalf of HPPL and/or any of their Contractors or Sub-contractors. As such the sourcing for these particular Figures/Diagrams/Plates have been included in the text and/or listed in this reference section.

Table H-1 Summary of Spatial and Mapping Data Sets used in the Alpha Coal Project Environmental Impact Statement

Source: Hancock Prospecting Pty Ltd	
Purpose	Coal Mine Infrastructure, Railway Line Infrastructure, Abbot Point Infrastructure, Aerial Photography, etc from Hancock Prospecting Pty Ltd and Consultants or Sub Consultants engaged by Hancock Prospecting Pty Ltd. See list detailed below.
Copyright	© Copyright Hancock Prospecting Pty Ltd and various licensed datasets as listed below.
Disclaimer	The contents of this EIS are for information only to enable the assessment of the Alpha Coal Project. To the maximum extent permitted by law, we exclude completely all liability to any person for loss or damage of any kind (however caused, including by negligence) arising from or relating in any way from the material which appears in this EIS. We reserve all copyright in the content of the material which appears in this EIS. We do not make any representation or warranty that the material which appears in this EIS is accurate or complete and we are under no obligation to notify any person or provide any further information to any person if we become aware of any inaccuracy, incompleteness or change in the material in this EIS.
Source: Data supplied by Hancock Prospecting Pty Ltd from Calibre Rail	
Purpose	Proposed Alpha Coal Rail Alignment (v6 and v9)
Copyright	© Copyright 2008 Calibre Rail.
Source: GHD	
Purpose	Project Wide, Railway Infrastructure and Related Infrastructure Assessment data
Copyright	© Copyright GHD.
Constraint	Maps and Figures created by GHD are based on or contains data provided by GHD 2010, which makes no representations or warranties about its accuracy, reliability, completeness or suitability for any particular purpose and cannot accept liability and responsibility of any kind (whether in contract, tort or otherwise) for any expenses, losses, damages and/or costs (including indirect or consequential damage) which are or may be incurred by any party as a result of the dataset being inaccurate, incomplete or unsuitable in any way and for any reason.
Disclaimer	The datasets are indicative only and are based on source information that has not independently verified by GHD. The datasets are outputs from a desktop study only and are subject to the currency, accuracy and completeness of the source datasets provided by various custodians. The source datasets are subject to disclaimers specified by the respective data custodians.

The licensed datasets are subject to restrictions associated with the services and specific project for which they were generated and have not be field verified.

Site conditions may change after the dataset’s publication. GHD expressly disclaims responsibility arising from, or in connection with any change to the site conditions; and to update the dataset if the site conditions change.

Whilst every care has been taken to develop the dataset, GHD makes no representations or warranties about its accuracy, reliability, completeness or suitability for any particular purpose and cannot accept liability and responsibility of any kind (whether in contract, tort or otherwise) for any expenses, losses, damages and/or costs (including indirect or consequential damage) which are or may be incurred by any party as a result of the dataset being inaccurate, incomplete or unsuitable in any way and for any reason.

Purpose	Population Density Data
Copyright	© Copyright Commonwealth of Australia & PSMA Australia 2007
Disclaimer	<p>MapStats are thematic maps which provide Census statistics for larger geographies. Statistics available include population counts, ethnicity, education, family, income, labour force and dwelling characteristics.</p> <p>Thematic maps are maps which display selected information relating to specific themes (e.g. population density). Differences in the selected characteristics across the regions on the map are shown using various shades of colour. Census data are particularly popular for these types of maps as a wide range of characteristics is available for small areas.</p> <p>Note: A thematic map which has a large number of boundaries will be more meaningful, as you will be able to see the distribution of data across a number of areas.</p>
