

# F | Corporate Environmental Policy

# Health, Safety, Environment, Community/Heritage Policy

Hancock Galilee Pty Ltd (HGPL) is committed to the exploration and development of mineral resources for the benefit of Australia and to support the economic future of developing nations.

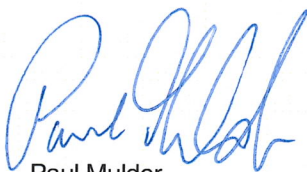

In carrying out exploration and development activities, HGPL is committed to continue developing a positive culture where we are responsible for our actions at all levels of business.

We are committed to achieving high levels of Health, Safety, Environment, Community and Heritage performance and acting at all times in a responsible manner and with the respect for all stakeholders through the application of an Integrated Management System (IMS) by:

- **Complying with legislative requirements**
- **Working Safely**
- **Working Responsibly**
- **Continuously improving performance**

As HGPL expands its activities to new locations and into new commodities we will ensure that the IMS remains appropriate and relevant for the exposures being managed.

Everybody is personally accountable for their own Health, Safety, Environment, Community and Heritage performance and for their performance of those who they work with, manage and supervise.
